I have requested a "Client discharged after delivery but before EPDS form could be completed" option from ITSD.

Hi Carrie,
Another common scenario…our Education Coordinator was able to complete the Birthing Outcome and scheduled a Post Partum appointment to complete the EPDS but the client hasn't responded. I can't get past the EPDS, it won't let me select 'Client Left Before Delivery' because the Outcome was completed. I can't D/C her because the EPDS form has to be done.

Ideas?

Thank you!
